To Whom It May Concern:

My husband and I are very busy attorneys and had little time to devote to the redecoration of our family room. We retained the services of Velvet Hammerschmidt to assist us, and we are very glad we did! Our family room is spectacular, and it was done on time and on budget. But equally important to us is the fact that the process was very pleasant.

If you've seen Velvet's portfolio on the web, you already know she has remarkable talent. What you'll soon learn is that she is great to work with. Velvet is soft spoken and professional. She listens well and pays attention to details. She kept us informed and obtained our approval. Even though she does much larger projects than ours, she still made us feel like our project was important to her. Our family room was just finished today, and we are so impressed that we've already asked her to start on the design of another room.

Sincerely,

Anne Bezaire Bartholetti
